We, the class of 1993 respectfully dedicate our yearbook to our friend and fellow classmate Melissa Wallace. Missy was a very gifted, special person who was always there for anyone who needed her. She always went out of her way to help another person and expected nothing in return. We shared many special memories over the years with Missy and no one can ever take those away from us. She will always be alive in our minds and our hearts and will remain an important part of all the lives that she touched. We want Missy to know that we loved her and miss her and hope that she is at peace in heaven watching over us.
